EMPLYES, Board, T., Three Management ction, water, will raise the of the Spattish submarine float

The longer you have worn eyeglasses the better you will appreciate Harris eyeglass service.

A few of the things we do to "hold" your good-will and patronage are:

From time to time we invite you (by special letter) to come and have your glasses re-adjusted.

Then after you have worn them for about two years you may return and have another examination by one of our killed oculists.

Should he find that your eye condition has been overcome. you may then discard your lasses -or if a change of nses will prove beneficial he rill so advise.

Harris Glasers cost from \$2.00 wards, when the mountings u select are of Gold-or are signed especially for you. The lenses you need also make a difference in the price.

N.H. Harris Oculists and Opticians

Very Effective Method for Banishing Hairs

(Modes of Today)
At very little cost any woman can
rid her face of bairy growths if she
will use the delatone treatment. This will use the delatione treatment. This is made by mixing some water with a little powdered delatione. This paste is spread upon the hairy surface for g or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delations.—Advt.
